A MESSAGE FROM OUR PRESIDENT

Dr. Asghar Kharazi

We are grateful to Allah (SWT) for giving us the opportunity to witness the in-person start of the academic year 2021-2022. This was our third year of school opening. We take the safety of our students and staff very seriously. All of our staff are vaccinated and everyone wears masks in the school. We also follow CDC and Franklin Public School COVID-19 guidelines.

At Sadiq School, we strive to provide comprehensive and up-to-date academic and Islamic curricula in a caring, morally and spiritually desired environment. Our goal is to graduate young men & women who can think critically and creatively and have a deep understanding of their Creator, the holy Quran, and the Ahlul-Bayt. We also aim to form a powerful partnership between parents and school staff to strengthen the foundations of students' education.

Alhamdulillah, this year we have 16 students. We also added new staff members. Please visit our [website](#) to read more about our staff. We have invested and acquired curricula, both core and Islamic, which are among the best in the nation. While providing an excellent education, we have kept our tuition affordable. We encourage all parents not to miss the opportunity to allow their children to receive an excellent education at Sadiq School. We know parents have the choice to send their children to public schools or other private schools. However, we hope you consider Sadiq School as a school of your choice. I extend my deepest appreciation to the school board, our staff, parents, and volunteers who have come together to start Sadiq School.

Special thanks to our Parent-Teacher Organization for their continued support and to our volunteer communication coordinator Sumra Hassan who put together this newsletter.

Next year inshallah we will offer Daycare for children 2.5-4 years old, Pre-K for 4 years, kindergarten for 5 years, and first grade for 6 years old. We hope you register your child at our school. To reserve a spot for your child please click the link below and fill out the short registration form here. The construction of our new building and Daycare is progressing well and inshallah we will have them completed early next year to welcome Sadiq School and Jafaria School students. Thanks to Dr. Aftab Hussain and many other volunteers who organized successful fundraising at the end of last year. Please consider making a donation for this great project. Please visit our website at Sadiqschool.com.

Wishing all of you a very Happy New Year. We welcome you to visit our school and meet our dedicated staff.

Sincerely,
Dr. Asghar Kharazi, President

Sadiq School new building

WHAT WE'RE LEARNING

We have invested and acquired curricula, both core and Islamic, which are among the best in the nation, to ensure students excel in the areas required in the core curriculum while mastering Islamic studies and Quran. Our curricula are a combination of Starfall, Superkids, Sawas, Saba, Alefbata, and education.com.

Listed below are just a few of the areas our Pre-K and K are learning:

- Reading and writing skills
- Early Science
- Time concepts
- Good citizenship, respect and responsibility
- Math fundamentals and counting
- Islamic Akhlaq, Arabic and Quran

SPECIAL ACTIVITIES AT SADIQ SCHOOL

- Dress up as your favorite book character
- Ice cream day
- Food Drive, Turkey donations
- Community Harvest Day
- Arbaeen Walk
- Art Day

A MESSAGE FROM OUR PRINCIPAL

Mohammad G. Moghadam

With the will of Allah (SWT) and support of our extremely dedicated staff, parents, and board of directors we were able to start the third Sadiq School academic year on September 9, 2021. We have offered Pre-K junior, Pre-K, and KG programs based on excellent and proven academic and Islamic curricula, and we are planning to extend our offerings to first grade in the 2022-2023 academic year, Insha'Allah.

To build a school from ground zero requires extreme dedication, patience and positive attitude. Alhamdulillah, all of us at the Sadiq School community are up to these challenges and eager to provide the best academic experiences for our children in a caring environment based on Islamic teachings. Meanwhile, we are also planning and looking forward to move to the new school building for the next academic year, InshaAllah.

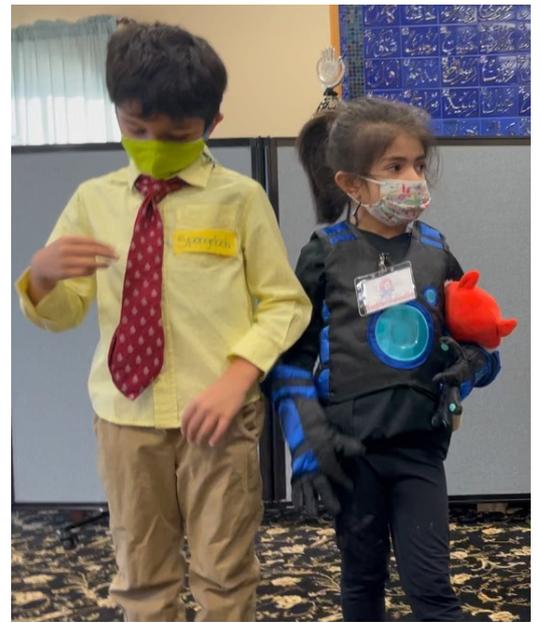

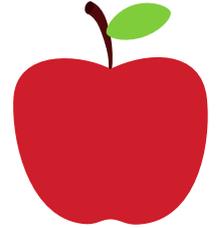

Challenges for establishing a school are not easy to overcome but with your support and dedication we will be successful, inshaAllah. We hope you take this unique and once-in-a-lifetime opportunity to register your child in Sadiq School.

I look forward to working with you as a team to meet the challenges of academic excellence in a positive, fun, and nurturing environment. Please feel free to reach out to me any time for any suggestions.

Best Regards.

Mohammad G. Moghadam, Principal

FIRST FIELD TRIP OF 2021

A field trip to Alstede Farms in Chester, NJ

PROPHET MUHAMMAD CELEBRATION

In November, we celebrated our beloved Prophet Muhammad's birth at Sadiq School with our annual Milad-un-Nabi. Students dressed up in their finest and attended a grand celebration in the banquet halls of Masjid-e-Ali.

Students played several games, they worked on a special pumpkin decorating craft, they enjoyed some treats and lunch, followed by prayers led by Moulana Sayed Rizvan Rizvi.

We had packed lunch and beverages for all who attended. By God's grace it was a very memorable and happy event.

A MESSAGE FROM OUR VICE PRINCIPAL

Maedeh Asadzadeh

Our kids will learn from their parents as well as from their teachers, peers, and other staff as they spend most of their weekdays with them. That is why we take what we do at Sadiq School seriously and try our best to set the best examples for our students.

I have had the pleasure to spend some time with our students at Sadiq School the past few months and I have first-hand experienced how our teachers plan out and conduct their lessons, ensuring that the content is not only fully grasped by the students, but on how students will turn what they learn into the right set of actions. In my opinion, it is very impressive, and I have a lot of hope for Sadiq School students.

Some of the values and discussions Sadiq School students have been exposed to and learned about are: How to deal with imperfection, What is perfection in their eyes, How to treat those who are different and being different is Allah's manifest. How they deal with rejection and acceptance, How to treat others the same way you would like to be treated, and boundaries and respecting others.

In their social studies and also in their Islamic studies class, we talked about being thankful for all that Allah has given us, and the responses that I have seen are Subhanallah heartwarming. Our little ones thank Allah for the different things that their Creator has given them.

When we collected food for our Food Bank, all of them without expectation thanked their parents for all the things they provide and went on and on about how much they loved them. That made me realize that Sadiq School students reflect their parents' dreams and aspirations.

These are some of the values Sadiq School students have been exposed to in our school.

Respectfully yours,

Maedeh Asadzadeh
Vice Principal
